FROM

THE JUDGES OF THE CALCUTTA COURT OF SMALL CAUSES,

To

THE SECRETARY TO THE GOVERNMENT OF BENGAL.

Dated Fort William, the 14th June, 1869.

SIR,

WE have the honor to forward for the information of His Honor the Lieutenant-Governor of Bengal, the 19th Annual Report of the business of this Court for the year 1868-69, ending 31st March last.

2. The number of cases instituted in the Court during the year was 31,679, being an increase of 1,465* cases as compared with the number instituted during the year ending 31st March 1868. The average number of cases for each day was 125.22.

* Instituted in 1867-68—30,214.

3. The amount in litigation was Rupees 16,98,669-4-0. Rupees 3,06,719-9-4 were paid into, and Rupees 3,11,799-8-4 paid out of Court, in satisfaction of Judgments and Orders. In the year 1867-68 the amount in litigation was Rupees 16,45,704-4-10.

Rs. As. P.

4. The receipts on account of Commission and Fees

have been	2,27,214	8	8
DEDUCT—				Rs.	As.	P.
Salaries of the Judges	70,985	0	8
Cost of Establishment	74,852	0	8
House rent	9,600	0	0
Contingent expenses	2,679	2	6
Bailiffs' Commission	2,834	0	0
				1,60,950	3	10
Balance to the credit of the Court	66,264	4	10

5. With reference to the items of expenditure, we have to observe that, until now, in preparing the Annual Report, only the fixed charges have been taken into account. The present statement shows for the first time the amount of the contingent expenses. The amount to the credit of the Court for the year 1867-68, after deducting fixed charges, was shewn as Rupees 60,518-9-1, but if the contingent expenses for that year amounting to Rs. 2,934-12 be taken into account, the balance will be reduced to Rupees 57,383-13-1. The increase over and above last year's profits is, therefore, Rupees 8,880-7-9. This sum is the difference of profit in the two years. It must be remembered, however, that there is a new charge of Rupees 2,834-0-0 for Bailiffs' Commission; the difference, therefore, in the total receipts of the Court during these two years is Rupees 11,714-7-9.

6. The following Tabular Statement shows the result of the cases set down for hearing during the year :—

7. The institutions during the year include 48 cases, for sums exceeding Rupees 1,000. In one case Rupees 800 was abandoned; in seven other cases amounts ranging from Rupees 300 to Rupees 500; in ten cases amounts between Rupees 100 and Rupees 300; and in the remaining thirty cases sums less than Rupees 100 were abandoned to bring the suits within the jurisdiction of the Court.

8. The following Comparative Table exhibits the classes of cases that have increased and decreased during the year :—

Above „ 1,000	89	48	9
Total	5,223	3,758
Deduct Decrease	3,758	
Total Increase	1,465	

9. It will be seen from this table that there has been an increase in cases between Rupees 20 and Rupees 300, and above Rupees 1,000 of 1,465 cases, showing an average increase on the whole of 122 cases a month.

10. A portion of the increase in the number of cases is no doubt attributable to the removal of the Court-house (which we had the honor to recommend in January last) into a position more central and more convenient to the Mercantile and Trading classes. We have no doubt that this change will hereafter be productive of still better results; but in the mean time the advantages of centralization are much counteracted by the want of proper arrangements for the Courts and Offices and Out-offices, and by the total absence of accommodation of any kind for Native suitors and witnesses, and for the public generally. This is perhaps to a certain extent unavoidable so long as the Court has not a fixed habitation; but we trust that His Honor the Lieutenant-Governor will be pleased to initiate early measures for the erection of a suitable Court-house on the site of the dilapidated building which constituted the old Post Office. We still consider that that site is, under all the circumstances, the most suitable for the purposes of the Court.

11. With reference to this matter, two plans have been submitted to the First Judge, one of which combines with an elegant exterior, all the arrangements and conveniences required for the purposes of the Court, and of suitors European and Native. The cost of executing this plan is estimated at about three Lacs of Rupees (£30,000). There stands at present to the credit of the Court, a sum amounting to nearly three* Lacs of Rupees. Adding to this the profit of this year, which amount to Rupees 66,264-4-10, and the probable profits of the next two years, which may be reckoned at the very lowest at Rupees 50,000 each, we shall arrive at a sum of nearly five Lacs standing to the Court's credit, before the new building upon the plan above mentioned will probably be finished.

Rs. 2,50,252-12-7.

12. The other plan is estimated to cost at first an outlay of close upon two Lacs of Rupees. It would furnish only Court-rooms and rooms for the accommodation of witnesses, leaving the establishment to be housed in the crazy remains of the old Post Office, and leaving much unprovided for which would tend greatly to public convenience. The sum requisite for carrying out either of the two plans which may be selected being in hand, the difference between them in expense seems so trifling that we hope the complete will be selected in preference to the imperfect scheme. In case of the adoption of the latter, the external appearance of the Court-house and premises, composed as they would be of a handsome new edifice, tacked on to a miserably worn-out building, would be very unsightly.

13. The importance of this Court is growing every year, and its jurisdiction is likely to be again increased in the course of the next twelve months. The Secretary of State, in paragraph 4 of a Dispatch No. 41, dated 31st August 1866, addressed to the Government of Bombay and forwarded to us with your No. 595 of 25th January 1867, has already recognized the importance of the erection of a commodious Court-house as an object to which the surplus revenues of the Court might well be devoted.

14. One object in erecting an imperfect building might be to save time, with a view to providing early a suitable and permanent place for the disposal of cases; leaving the entire edifice to be completed afterwards. Against this view, should the Lieutenant-Governor be disposed to entertain it, we would beg to point out that the saving in point of time would only be nominal; as the subsequent completion of the building would necessitate another removal of the establishment at any rate; and the business of the Court could not be carried on without extreme inconvenience both to the Judges and to the public, if the Judges were obliged to hold their Courts in one locality while the establishment was situated even temporarily in another. The newly erected partial Court-house would, therefore, have to be for a time again vacated, while the demolition of the then remaining portion of the Post Office for the purpose of erecting the remainder of the Court-house building was being proceeded with. On the other hand, if the whole work is allowed to proceed at once, the difference in point of time between the complete and partial erection will probably not exceed a few months.

15. Under all these considerations, we trust that whatever scheme His Honor may be pleased to approve of, it may be one which will be at once complete in itself.

16. Before concluding this report, we desire to avail ourselves of the opportunity which it affords of recording our sense of the great loss which we (his colleagues) have sustained in the lamented death of Baboo Hurru Chunder Ghose, who had so long and so creditably discharged the duties of a Judge of this Court.

We have the honor to be,

SIR,

Your most obedient Servants,

G. S. FAGAN,

N. H. THOMSON,

KOONJO LALL BANERJEE,

Judges of the Calcutta Court of Small Causes.

(RESOLUTION.)

JUDICIAL.

Fort William, the 4th August 1869.

READ a letter No. 14, dated the 14th June 1869, from the Judges of the Calcutta Court of Small Causes, submitting the Annual Report on the business of the Court for the year 1868-69.

1. The following is an analysis of the Court's operations in comparison with the previous year:—

	For 1868-69.	For 1867-68.	Increase.	Decrease.
Number of cases instituted ...	31,679	30,214	1,465

Distresses for rent ...	148	157	9
Fines ...	262	141	121

* Including Rupees 2,934 for contingent charges.

2. The Lieutenant-Governor is glad to observe that the general result is an improvement.

The number of suits instituted is greater by 1465, and the aggregate receipts credited to Government exceed those of the previous year by Rupees 10,719, giving a surplus of Rupees 66,264 after deducting all charges of Establishment, &c.

The return, however, is still considerably below that of 1866-67.

3. There is an increase in the number of suits ranging from Rupees 20 to 300, while there is a decrease of suits chiefly below Rupees 10, and to a smaller extent in all the other classes from Rupees 400 to below Rupees 1,000.

4. This improvement is attributed to the removal of the Court to a more central and convenient position, and a still better result hereafter is looked for.

It is noticeable that the increase in suits is amongst the Native community principally, the ratio of European to Native cases having diminished from 1 to 3·58 in 1867-68 to 1 to 4·35 in the last year.

5. Paragraphs 11 to 15 of the Report relate to the future location of the Court, and discuss the plans most suitable for its accommodation. The subject has already been considered, and it has been determined to convert the Old Post Office building into a Court-house, rendering it sufficiently commodious for all purposes, and recasting it on an appropriate design. The plans are under preparation in the Department of Public Works.

6. The Lieutenant-Governor concurs in the regret expressed by the Judges at the death of Baboo Hurro Chunder Ghose.

J. WESTLAND,

Offg. Junior Secy. to the Govt. of Bengal.

No. 4823.

ORDERED that a copy of this Resolution be forwarded to the Judges of the Calcutta Small Cause Court for information.

By Order of the Lieutenant-Governor of Bengal.

FROM

4. In the past year there has been an increase on the Returns of the previous year of 238 in the number of Cases, and of Rupees 16,318-7-6 in the amount litigated.

5. The number of Sitting Days was 25 less than in the previous year, owing principally to the order of Government for the closing of the Court for a Summer Vacation having come into force for the first time in May 1854, and to the Court having been also closed for repairs during the latter half of that month.

6. Notwithstanding the increased number of Suits, the total amount of Fees credited to Government has somewhat fallen off. This arises from there having been fewer interlocutory proceedings in the various Causes, fewer Second Summonses, Attachments and Subpoenas issued, fewer Fines levied, &c.

7. The very great diminution in the number of Bench Warrants issued is to be observed. The practice adopted in June 1854, by which Plaintiffs are enabled to obtain Summonses returnable immediately, has almost removed the necessity for issuing Bench Warrants in any case.

8. The foregoing facts appear to us to indicate the undiminished prosperity and usefulness of the Court

We have the honor to be,

Sir,

Your most obedient Servants,

A. G. MACPIERSON.

JOHN KING.

FROM

THE JUDGES OF THE CALCUTTA COURT OF SMALL CAUSES,

TO

A. R. YOUNG, ESQUIRE,

Secretary to the Government of Bengal,

Dated the 7th June 1859.

SIR,

WE have the honor to forward herewith for submission to His Honor the Lieutenant-Governor, the Report of the Calcutta Court of Small Causes, for the year ending the 30th April last.

2. The result shows a total sum credited to Government of Rupees 1,10,915-11-9, while the expense of the Court was Rupees 1,03,274-11-0, leaving a balance of Rupees 7,641-0-9, in favour of Government.

3. This result is not so favourable as that presented in last year's Report, but the difference principally arises from the sum credited to Government last year, for unclaimed monies having amounted to no less than Rupees 9,720, (as was then reported) from the Books of the Court of Requests, while the sum credited in this Report from unclaimed monies is confined to the accounts of this Court, and does not exceed Rupees 1,868-0-3.

4. The total number of cases instituted also was less, but still amounted to Rupees 29,956. In some respects, however, the business of the Court has increased. The number of copies of Summonses reported last year was 61,405. In the present Report it is Rupees 70,012. A separate copy of the Summons is served upon each defendant, and the aggregate number will therefore depend on the number of parties sued, as well as the number of cases instituted.

5. We are under the necessity of calling the attention of His Honor to the following Tabular Statement, showing the amount of work now pressing on the Establishment and of applying for a partial revision and increase.

Comparative Table showing the increase of work in the Calcutta Court of Small Causes since 1850.

Years.	Number of cases instituted.	Average number of cases instituted daily.	Number of Summons issued.	Second Summonses.	Subpoenas.	Attachments.	Writs of Execution.	Bench Warrants. ABSTRACT.

Increase in the number of Cases,	8,653
Increase in the number of Processes issued,	28,095
Increase in the number of Warrants to sue and defend,	2,398
Increase in the number of items of Receipts,	13,510
Increase of Re-payments including transfers,	18,706

6. When Baboo Greeschunder Dutt was acting for Mr. Temple as Clerk of the Court last year, he called our attention to the subject, and Mr. Temple has since with great care thoroughly investigated it, and he proposes the following increase of Establishment, to the extent of Rupees 388 a month.

In what Department.	Additional Establishment proposed, and nature of increase.	Increase permensem.
Warrant Department, ...	Two additional Writers, ...	50 0 0
Summons, List and Case-Book Departments, ...	One additional Writer and three Bailiffs, ...	75 0 0
Subpoena Department, ...	One Writer, ...	30 0 0
Record-Keeper ("Mooktearna-mah Sircar,") ...	Increase of salary, ...	10 0 0
Receipt Register Writer, ...	New appointment, ...	20 0 0
Cash Department, ...	Three Additional Assistants and a revised scale of salaries, ...	167 0 0
Barkundazes, ...	Five additional men, ...	30 0 0
Duftries, ...	One additional Duftry, ...	6 0 0
		Total Increase, Rupees, ... 388 0 0

7. We annex a Tabular detail of the various Departments as affected by this proposal, and an original letter from Baboo Ummernauth Mitter, the Cash-keeper, very forcibly explaining his own case.

8. At a time like the present, we should not venture to press on His Honor's attention these applications for increased expenditure without a clear conviction of their necessity. We believe that the claim of the Cash-keeper is fair and reasonable, and that we are not likely to retain his services or to secure a fitting successor, without the augmentation we solicit. In his and the other Departments the present pressure of labor threatens to harass and delay the suitors, and already causes constant complaints. The arrangement proposed by Mr. Temple to meet the evil has been prepared with a careful regard to the combination of economy with efficiency, and we deem its adoption essential to the future satisfactory progress of the Court.

FROM

THE JUDGES OF THE CALCUTTA COURT OF SMALL CAUSES,

TO

C. H. LUSHINGTON, Esq.,

Secretary to the Government of Bengal.

SIR,

WE have the honor to forward the Eleventh Annual Report of the business of the Calcutta Court of Small Causes for the year terminating on the 30th April 1861.

2. We have also the honor to annex, for the inspection of His Honor the Lieutenant-Governor, a Comparative Table, illustrating the progress of the Court from its establishment, under Act IX. of 1850, up to the present year.

3. The aggregate number of cases instituted during the past year was 31,777, the average number daily being 125.

4. The amount carried to the credit of Government on account of Fees, &c., was Rupees 1,39,165-11-8, while the total expense of the establishment was Rupees 106,782-8-11, leaving a balance of Co.'s Rupees 32,383-2-9 in favor of Government.

5. As the Court House is Government property, the total expenditure, amounting to Rupees 106,782-8-11, mentioned in the foregoing paragraph, *Vide Statement No. 15.* does not include a sum of Rupees 5,500 on account of the rent of the premises occupied by the Court, which have been estimated, but not actually incurred.

6. Although the number of cases instituted in the past official year is less by 510 than that instituted in the previous year, the amount litigated exceeded by Rupees 43,936 that of the previous year, and the net amount credited to Government, as above stated, is the largest since the establishment of the Court.

7. Of the 31,777 cases instituted, 31,094 were set down for hearing, of which 17,247 were actually tried, 13,048 having been decided in favor of plaintiffs, and 4,199 having been either dismissed or non-suited: 10,404 were compromised before being called on for hearing, 3,443 were struck off for non-appearance of the parties, and 179 remained undecided on the 30th April 1861.

We have the honor to be,

SIR,

Your most obedient Servants,

FROM

THE JUDGES OF THE CALCUTTA COURT OF SMALL CAUSES,

To

THE HON'BLE ASHLEY EDEN,

Secretary to the Government of Bengal.

SIR,

WE have the honor to forward, for the information of His Honor the Lieutenant-Governor of Bengal, our Thirteenth Annual Report of the business of this Court for the year 1862-63, ending on the 30th April last.

2. The Statements, herewith submitted, contain a comparative account of the yearly business of the Court from the year 1850-51 down to the present.

3. The aggregate number of cases instituted during the past year was 33,581, showing an increase of 357 cases over that of the previous year. The average number of cases for each day being 126.

4. The receipts on account of fees, &c., were Rupees 1,54,599-7-3, while the cost of the Establishment, including house rent, was Rupees 1,08,059-11-6, leaving a balance to credit of Government of Rupees 46,539-11-9.

1861-62	...	Rs. 61,986	9	0
1862-63	...	" 46,539	11	9
Difference	...	" 5,446	13	9

5. This amount of profit in the year just closed is less by Rupees 5,446-13-9 than that of the preceding year, although the number of cases has been larger.

6. For this result we account in the following way.

7. By reference to the Tables hereto annexed the number of cases for amounts under Rupees 500 and over Rupees 200 for the year 1861-62 is shown to be 1303, while the costs received in cases for those amounts are Rupees 53,525-10-6.

1861-62	...	Rs. 53,525	10	6
1862-63	...	" 44,810	1	6
Difference	...	" 8,715	9	0

8. In 1862-63 the number of cases for similar amounts was 1120, and the costs received were Rupees 44,810-1-6.

9. The actual diminution in amount of fees is not exactly in the ratio of the decrease of cases for larger amounts as between this year and last year. That diminution has been partly made up by an increase in the cases for lower amounts as will appear* from the figures given in the margin. Against the profits arising from the increase of cases for smaller amounts must be set off. The larger number of pauper suits. Such fees as are recovered in pauper suits are not always realized, and credited in the account of the year in which the suits are instituted.

10. With reference to the classification of suits and returns, sent herewith, no more particular account can be rendered, and it seems to us that the diminished receipts upon cases of the larger amounts, above shewn, establishes with sufficient certainty the cause of decreased profit.

11. This decrease, in cases of this class, may be attributable partly to Act XIV. of 1859 having come into operation in January 1862, as cases involving larger amounts were forced into Court in consequence of that Act at the close of 1861 ; and may be also partly ascribed to the adoption of a simple procedure in the original jurisdiction of the High Court which appears to have prevented the institution in the Small Cause Court of many suits such as were formerly brought under Section 34 of Act IX. of 1850, permitting the abandonment of sums in excess of Rupees 500.

12. Of the 33581 cases instituted, 33552 were set down for hearing, of which 19157 were actually tried, viz., 14125 were decided in favour of the plaintiffs, and 5032 were either dismissed or non-suited ; 11074 were compromised before being called on for hearing ; 3321 were struck off for non-appearance of the parties, and 107 remained undecided on the 30th April 1863, less by fifty than last year.

We have the honor to be,

CALCUTTA;

COURT OF SMALL CAUSES,

The 5th May 1863.

J. TUCKER,

Clerk of the Court.

No. 196T.

(RESOLUTION.)

JUDICIAL.

Fort William, the 5th August 1863.

READ a letter, No. 919, dated the 5th May, from the Judges of the Calcutta Court of Small Causes, submitting the Report of the business of the Court during the year 1862-63.

The Lieutenant-Governor observes that from the circumstance of Act XIV. of 1859 having come into operation during the year 1861-62, as also in consequence of the adoption of a simpler form of procedure in the original jurisdiction of the High Court lessening the inducement to parties to avail themselves of the provisions of Section 34 of Act IX. of 1850, the receipts of the Court have fallen short of those of the previous year by Rupees 5,446-13-9. His Honor is, however, glad to find that the total number of suits brought before the Court during the year under review is larger than that of the preceding year, notwithstanding that that year was, in one respect, an exceptional one; and that the financial result of the present Report does not, by any means, indicate any decrease of public confidence in the Court, or of its usefulness, which, with every new year, appears to be steadily increasing.

The general results exhibited in the Report under review are accordingly considered by His Honor to be satisfactory.

ORDERED, that a copy of this Resolution be forwarded to the Judges of the Calcutta Court of Small Causes with reference to their letter No. 919, dated 5th May last.

By Order of the Lieutenant-Governor of Bengal,

(Sd.) J. GEOGHEGAN,

Under-Secretary to the Government of Bengal.

FROM

THE JUDGES OF THE CALCUTTA COURT OF SMALL CAUSES,

TO

F. R. COCKERELL, Esq.,

Officiating Secretary to the Government of Bengal.

Dated the 17th May 1864.

SIR,

WE have the honor to forward, for the information of His Honor the Lieutenant-Governor of Bengal, the Fourteenth Annual Report of the business of this Court for the year ending on the 30th April last.

2. A Comparative Table herewith submitted exhibits the yearly progress of the Court from the date of its institution.

3. The number of cases instituted during the past year was 34,880, giving a daily average of 130 cases for 267 days on which the Court was open.

4. The amount litigated in these suits was Rupees 12,10,923-6-11.

5. The net amount carried to the credit of Government on account of fees, &c., was Rupees 1,68,403-11-9, while the total expense of the Establishment was Rupees 1,07,435-4-11, leaving a balance of clear profit in favor of Government of Rupees 60,968-6-10, or about one-third more than the corresponding balance of the previous year.

6. During the past year there has been an increase of 1,299 in the number of cases instituted as compared with the preceding year; of Rupees 1,56,694-11-4 in the amount litigated; of Rupees 13,804-4-6 in the net amount credited to Government, and of Rupees 14,428-11-1 in the clear profit of the Court.

* 7. As no exceptional cause has been at work during the past year to promote litigation, the increase thus shown must be attributed to the progressive growth of the business of the Court.

8. In the Report submitted for the year ending on the 30th April 1863 a decrease was noted in the amount litigated as compared with the litigation of the preceding year, which decrease was ascribed partly to the circumstance that the adoption of a simpler procedure in the Original Jurisdiction of the High Court had led to the institution in that Court of a class of suits which had formerly been instituted in this Court. The Returns now submitted would seem to show that the changes referred to have had no permanent effect in withdrawing litigation from this Court.

• 9. Of the 34,880 cases instituted 34,862 were set down for hearing, of which 19,733 were actually tried; 14,688 were decided in favor of the plaintiffs, and 5,045 were either dismissed or nonsuited; 11,630 were compromised before being called on for hearing; 3,499 were struck off for non-appearance of the parties, and 169 remained undecided on the 30th April 1864.

10. As the extended powers of jurisdiction conferred by Act XXVI. of 1864 only came into operation from the 14th of April, it would be premature to report now upon the working of that Act. We may state, however, that sixteen suits for an aggregate amount of Rupees 11,530-2-6 were filed between the 14th and 30th April.

11. In connection with this subject we desire to record our opinion that, for trying these important cases with the care and attention which they demand, it is essential that an additional Judge be at once appointed since the business of the Court is even now too heavy for the present Judicial Staff. The increased Revenue which must result from suits brought under the extended jurisdiction of the Court will afford ample means for defraying the expense of this necessary increase of Establishment.

We have the honor to be,

SIR,

Your most obedient Servants,

NINIAN HILL THOMSON,

MURUCHUNDER GHOSE,

HENRY W. PAYNE,

Judges of the Calcutta Court of Small Causes.

FROM

THE JUDGES OF THE CALCUTTA COURT OF SMALL CAUSES.

To

THE HON'BLE A. EDEN,

Secretary to the Government of Bengal.

Dated the 4th June 1866.

SIR,

We have the honor to forward, for the information of His Honor the Lieutenant-Governor of Bengal, the Sixteenth Annual Report of the business of this Court for the year 1865-66 ending 30th April last.

2. The number of cases instituted in this Court during the year was 37,324, being an increase of 1,376 cases over the number instituted during the previous year. The average of cases for each day was 141.9.

3. The receipts on account of fees, &c., during the year amounted to Rupees 2,30,879-7-2, and the cost of the Establishment, including salaries of the Judges and House Rent, was Rupees 1,42,868-1-4, leaving a balance of Rupees 88,011-5-10 to credit of the Court.

4. Of the cases instituted during the year, 37,324, which were set down for hearing, 16,188 were decided in favor of the plaintiffs, (of which 6,362 were tried *ex parte*), 1,813 were dismissed, 3,520 were nonsuited, 12,402 were compromised, 3,480 were struck off on default of parties, and 171 were pending at the close of the year.

5. The institutions during the year include 30 cases of above 1,000 Rupees. In six of these, amounts ranging from Rupees 300 to Rupees 700 were abandoned by the parties; and in the remaining 24 cases sums less than Rupees 300 were abandoned. The fact of plaintiffs relinquishing such large sums as from Rupees 300 to Rupees 700 in order to make their cases cognizable by this Court may, we think, be not unfairly ascribed to the satisfaction which the speedy procedure of this Court inspires.

We have the honor to be,

SIR,

Your most obedient Servants,

G. S. FAGAN,

N. H. THOMSON,

HURU CHUNDER GHOSE,

E. DACOSTA,

Judges of the Calcutta Court of Small Causes.

CALCUTTA ;
COURT OF SMALL CAUSES,
The 4th June 1866.

H. RYPER,
Offg. Clerk of the Court.

(RESOLUTION.)

JUDICIAL.

Fort William, the 22nd June 1866.

READ a letter No. 7, dated the 4th instant, from the Judges of the Calcutta Court of Small Causes, submitting the annual report of the business of the Court during the year 1865-66.

2. The Lieutenant-Governor observes that the number of suits instituted during the year exceeded the number instituted in the previous year by 1,376, and the number instituted in 1863-64 by 2,444, and the amount in litigation was Rupees 20,20,398 against Rupees 17,68,551 in 1864-65, and Rupees 12,10,923 in 1863-64. These figures, as well as the fact noticed by the Judges that in thirty cases sums varying from Rupees 300 to Rupees 700 above Rupees 1,000 were relinquished in order to make the suits cognizable by the Court, shew that its popularity has not diminished, and that its simple and speedy procedure continues to inspire confidence.

3. Of the total number of suits (37,324) set down for hearing, 16,138 are said to have been decreed, 1,813 dismissed, 3,520 nonsuited, 14,402 compromised, 3,480 struck off on default, and 171 were pending at the close of the year. The aggregate of the last six items, which ought to correspond with the first, exceeds it by 200. This discrepancy requires explanation.

4. The Lieutenant-Governor considers the financial working of the Court during the past year to be very satisfactory, as it has resulted in a clear surplus of Rupees 88,011-5-10.

ORDERED that a copy of this Resolution be forwarded to the Judges of the Calcutta Court of Small Causes, with reference to their letter No. 7, dated the 4th instant.

By Order of the Lieutenant-Governor of Bengal,

A. EDEN,

Secretary to the Govt. of Bengal.

No. 3391.

Copy forwarded to the Judges of the Calcutta Court of Small Causes, for information.

FORT WILLIAM,

The 22nd June 1866.

A. MACKENZIE,

Offg. Under-Secy. to the Govt. of Bengal.

(if such were wanted) that (to quote the words of the Government Resolution on last year's Report) "the popularity of the Court has not diminished, and that its simple and speedy procedure continues to inspire confidence." Indeed, we consider this established beyond all doubt; and from the importance and interests involved in many of the suits now heard and determined in the Court, it is rapidly rising in public estimation, and must ere long hold a first place amongst the Civil Courts of the country : and to secure this, no pains or outlay ought to be spared to improve it in every department. The Act itself requires considerable modification and improvement, and we will take an early opportunity of addressing His Honor the Lieutenant-Governor on this subject.

7. The present Clerk of the Court, Mr. R. S. T. MacEwen, was only appointed on the 7th June last, but the regularity, firmness, and tact which he has introduced into the conduct of the business of the Court, have already produced very salutary effects. Several important changes have also been made in the Establishment during the 11 months under report, and we believe it to be now in a satisfactory working state as to its personnel, though there are some improvements relating to the salaries of the subordinates and other arrangements which we consider desirable, and as to which we have already addressed His Honor the Lieutenant-Governor.

We have the honor to be,

SIR,

Your most obedient Servants,

G. S. FAGAN,

JAMES H. A. BRANSON,

HURU CHUNDER GHOSE,

E. DACOSTA.

Judges of the Calcutta Court of Small Causes.

CALCUTTA COURT OF SMALL CAUSES, }

The 16th May, 1867.

R. S. T. MACEWEN,
Clerk of the Court.

(RESOLUTION.)

JUDICIAL.

Fort William, the 20th August 1867.

READ a letter No. 11, dated the 16th May last, from the Judges of the Calcutta Court of Small Causes, submitting the Annual Report of the business of the Court during the eleven months of the year 1866-67.

2. A comparison of the statistics of these eleven months in connection with those of the corresponding period in 1865-66 shows the following comparative results :—

	For 11 months ending March 1866.	For 11 months ending March 1867.	Increase.	Decrease.
	Rs. As. P.	Rs. As. P.	Rs. As. P.	Rs. As. P.

Fines ...	112 8 0	283 2 3	170 10 3	0 0 0

3. These results are, on the whole, satisfactory.

4. The decrease in the number of cases instituted in the Court was trifling, and was owing probably to the depressed state of trade during the past year.

5. The financial working of the Court is regarded by the Lieutenant-Governor as favorable. There was a decrease of Rupees 2,324 in the gross receipts of the past year, but this difference is very insignificant, considering the exceptional circumstances of the year.

6. The considerable increase in the number of cases decided *ex-parte* in favor of plaintiffs is striking. The Lieutenant-Governor also observes that while there were fewer institutions during the past year than in 1865-66, the number of cases pending at the close of the past year exceeded by 482, the number of cases pending at the close of the previous year.

7. The ratio of English to Native cases during the past year was much the same as in 1865-66.

8. The Statement No. 9 annexed to the report, shewing the number of cases heard and decided during the year, exhibits a decrease under the heads noted in the margin, but shews an increase under all other heads, and a large increase under the head of 'goods sold and delivered.'

Bills of Exchange and Promissory Notes.	Account stated.
Wages.	Other actions on contract.
Work and Labor.	Assault.
Money had and received.	Interpleader claims.
	Ejectment.

9. The general comparative Table No. 17 shews a steady increase in the business and the income of the Court from 1850-51 to the present time.

10. The increase in the number of cases in which plaintiffs have relinquished sums above Rupees 1,000 in order to bring their claims within the jurisdiction of the Calcutta Small Cause Court, as mentioned in paragraph 5 of the report is undoubtedly a proof of the established popularity of the Court and of the general satisfaction which its simple and speedy procedure affords.

11. The Lieutenant-Governor will give prompt attention to the suggestions which the Judges intend to make for the modification and improvement of the Act which at present regulates the procedure of the Court.

12. His Honor notices with pleasure the very favorable mention made by the Judges of the services already rendered by Mr. R. S. T. MacEwen, the present Clerk of the Court.

ORDERED, that a copy of this Resolution be forwarded to the Judges of the Calcutta Court of Small Causes for information.

FROM

THE JUDGES OF THE CALCUTTA COURT OF SMALL CAUSES,

To

THE SECRETARY TO THE GOVERNMENT OF BENGAL.

Fort William, the 9th May, 1868.

SIR,

WE have the honour to forward, for the information of His Honor the Lieutenant-Governor of Bengal, the 18th Annual Report of the business of this Court for the year 1867-68, ending 31st March last.

* Of these 789 were cases for sums over Rs. 500.

1 Instituted in 11 months of 1866-67 ..	33,951
Do. April, 1866 ..	3,253
Total ..	<u>37,204</u>

2. The number of cases instituted in this Court during the year was 30,214,* being a decrease of 6,990† cases as compared with the number instituted during the twelve months of the year ending 31st March, 1867. The average number of cases for each day was 118.95.

3. The amount in litigation was Rs. 16,45,704-4-10. Rs. 3,04,351-13-9 were paid into, and Rs. 3,02,320-5-0 paid out of Court to plaintiffs. For the twelve months last above mentioned, the amount in litigation was Rs. 19,11,384-12-1, and the number of suits 37,204.

4. The receipts on account of fees, &c., during the year under report amounted to Rs. 2,16,595-13-5, and the cost of the Establishment, including salaries of the Judges and house-rent, was Rs. 1,56,277-4-4, leaving a balance of Rs. 60,318-9-1 to the credit of the Court. For the same period of 1866-67, the receipts amounted to Rs. 2,28,554-13-6, and the expenditure to Rs. 1,53,698-8-8.

† Pending from 1866-67 ..	1,666
Instituted in 1867-68 ..	30,214
Total ..	<u>31,880</u>

§ Instituted in the last week of the year, returnable date of summons being in April, 1868 ..	733
Pending, partly heard, & adjourned ..	306
Total ..	<u>1,039</u>

5. Of the cases, 31,880,† set down for hearing during the year, 13,008 were decided in favor of the plaintiffs (of which 6,368 were tried *ex-parte*); 1,565 were dismissed; 3,698 were nonsuited; 9,552 were compromised; 3,018 were struck off on default of plaintiffs; and 1,039 were pending§ at the close of the year.

6. The institutions during the year include 39 cases for sums exceeding Rs. 1,000. In one case Rs. 400 was abandoned; in 5 other cases amounts ranging from Rs. 200 to Rs. 400; in 5 cases amounts between Rs. 100 and 200; and in the remaining 28 cases sums less than Rs. 100 were abandoned.

7. The following Comparative Table shows the classes of cases that have decreased during the year :—

Class of Cases.	For 12 months, from April 1866 to March 1867.	For 12 months of 1867-68.	Increase.	Decrease.
Under Rupees 10	21,602	16,298	5,304
Ditto 20	6,181	5,257	904
Ditto 50	3,508	3,542	34
Ditto 100	2,528	2,014	514
Ditto 200	1,206	1,093	203
Ditto 300	697	576	121
Ditto 400	487	357	130
Ditto 500	245	288	43
Ditto 600	162	187	25
Ditto 700	140	153	13
Ditto 800	114	137	23
Ditto 900	104	128	24
Ditto 1,000	112	145	33
Above Rupees 1,000	48	39	9
Total	37,204	30,214	195	7,185
Deduct Increase	195
Net Decrease	6,990

It will be observed that the great decrease is in suits for sums ranging between Re. 1 to Rs. 10. These are principally native cases, and the decrease may be attributed to two causes: *first*, to the fact that a wholesome check to the institution of suits by Mooktears and Dalolls (a race of harpies that infested the Court, and preyed upon poor and ignorant suitors) was imposed early in the year; and, *secondly*, to the depressed state of trade during the year.

8. So far, therefore, as the Court itself is concerned, the results must be considered satisfactory; and the increase, notwithstanding the depressed state of the trade, in each of the classes of cases above Rs. 500, shows that the extended jurisdiction continues to work well, and is still popular. The decrease in petty litigation, keeping in view the source to which much of it was due, is perhaps the cause of satisfaction rather than otherwise.

9. The Establishment of the Court has been re-organized during the year, effecting a monthly saving of Rs. 239. On the introduction of the system for the levying of costs and fees by means of stamps, a further revision and saving will take place. The services of seventeen Assistants have already been dispensed with, and a selection of the best officers for the new appointments has been made.

10. One important feature of the scheme has been to invest, temporarily, the Clerk of the Court with judicial powers, with a view to ascertaining by experiment, before altering the existing provisions of the law, how far the appointment of a Registrar, with judicial powers, would be likely to be beneficial to the conduct of the business of the Court. These duties have been most satisfactorily performed by Mr. MacEwen, and there seems to be every prospect, as far as we can at present judge, of the proposed arrangement answering the end in view.

We have the honor to be,

SIR,

Your most obedient Servants,

G. S. FAGAN,

N. H. THOMSON,

HURU CHUNDER GHOSE,

E. DACOSTA,

Judges of the Calcutta Court of Small Causes.

(RESOLUTION.)

JUDICIAL.

Fort William, the 8th August 1868.

READ a letter No. 14, dated the 9th May 1868, from the Judges of the Calcutta Court of Small Causes, submitting the Annual Report on the business of the Court for the year 1867-68.

1. The following Tabular Statement exhibits a comparison between the results of the Court's operations during the year and the twelve months preceding it:—

* This and the following items (not specially excepted) in column 2 are actuals for eleven months ending March 31st, 1867, plus 1/12th to make up a year.
† Actuals of eleven months ending March 31st, 1867.

2. The general result is a very considerable falling off in the work of the Court and in its receipts.

3. From the Table given in paragraph 7 of the Judge's letter, it appears that nearly the whole of the decrease has taken place in native suits for petty sums; and its cause is said to be mainly the check placed during the year upon the practices of the Dulals and Mooktears, who formerly infested the Court. If this be the case, the result is not to be regretted, especially as the increase in the number of suits of the higher values shows that the Court is fully appreciated as a quickly working and inexpensive tribunal for the recovery of *bond fide* claims.

4. The revision of the Establishment which has been going on during the year has formed the subject of separate correspondence, and will, when the system of collecting the Court's dues in stamps instead of fees has been matured, result in a considerable saving to Government.

ORDERED, that a copy of the Resolution be forwarded to the Judges of the Calcutta Court of Small Causes for information.

By Order of the Lieutenant-Governor of Bengal,

H. L. DAMPFER,

Offg. Secretary to the Government of Bengal.

The institutions during the year include 40 cases for sums exceeding Rs. 1,000 ; in 1 case Rs. 2,200 was abandoned ; in 3 other cases amounts ranging from Rs. 300 to Rs. 500 ; in 19 cases amounts between Rs. 100 and Rs. 300 ; and in the remaining 17 cases sums less than Rs. 100 were abandoned to bring the suits within the jurisdiction of the court.

8. The following comparative table exhibits the classes of cases which have increased and decreased during the year.

Net increase	2,661

9. It will be seen from this table that there has been an increase of 2,661 cases, showing an average increase on the whole of 221 cases a month.

10. A new statement, No. 16, showing the number of after-judgment processes applied for and how executed, will be found in the appendix. The number of executions issued during the year under report has exceeded that of the previous year by 1,450. From the statement it will be seen that of 8,670 executions applied for in 1869-70, money was realized fully or partially in 5,282 cases (columns 3 and 4), and that of the remaining writs, 684 (column 6) were not carried into execution by the parties themselves ; thus leaving only 2,539 of the entire number entrusted to the bailiffs of the court for realization unproductive. We consider these results very satisfactory, shewing 68·2 as the percentage of realized judgments in cases in which execution has issued within the local limits of the court's jurisdiction. We think it may in a great measure be attributed to the new rule, under which the bailiffs receive the warrant fees by way of commission on all executed writs, and to a stricter supervision over this department of the court.

* Partly heard and adjourned	237
Instituted in 1869-70, returnable in 1870-71	897
Total	1,134

11. A few of the forms of statements in the appendix have been modified, and one statement (formerly No. 11) has been entirely omitted to meet the altered state of circumstances consequent on the introduction of stamps.

We have the honor to be,

SIR,

Your most obedient servants,

G. S. FAGAN,

N. H. THOMSON,

E. DACOSTA,

KOONJO LALL BANERJEE,

Judges of the Calcutta Court of Small Causes.

exhibiting generally satisfactory results.

2. There is an increase of 2,661, in both English and native suits and their ratio to one another continues nearly the same. The suits for Rs. 100, and under have considerably increased in number while those above that limit have diminished. In cases above Rs. 1,000 there was a decrease of 8.

3. The aggregate receipts from commission, fees, &c., exceeded those of the previous year by Rs. 4,806, but on the other hand the charges for establishment and contingencies also increased by Rs. 8,158, leaving a diminished surplus of Rs. 62,913, or Rs. 3,349 below the receipts of the

previous year. This was in a great measure owing to the heavy charges incurred for house rent, which will cease when other accommodation is provided.

4. The Court has completed its 20th year, and during this period, although the number of suits has not increased above 59 per cent., it is a noticeable fact that the amount in litigation has advanced nearly four-fold and the fees have risen in proportion.

5. Payment of commission and fees by stamps was introduced from the commencement of the year, and no doubt the transaction of business was greatly facilitated by the change while greater security of account was obtained.

6. The increase of 870 institutions over those of the previous year we attribute entirely to the great impulse which was given to trade by the Madras famine. Every one seemed to turn rice merchant, and Madras Settyes (a class of suitors hitherto almost unknown to us), and many others were constant litigants in the Court in matters connected with the rice trade. The Court was, in fact, during the latter half of the year 1877, inundated with suits on rice and wheat contracts, suits in trover in respect of gunny-bags, and suits for the hire and demurrage of cargo-boats; the hire of cargo-boats ruling very high in the months of June, July, and August last. There were also frequent suits against the East Indian Railway Company for short delivery of goods arising out of the increased traffic on that railway. Again, the sudden collapse of the same trade about the beginning of October gave rise to another phase of litigation, viz. suits for damages in respect of the failure to ship goods under shipping orders, one firm having filed in the Court about ten suits in order to obtain their rights.

7. We cannot say that we are able to account for the decrease in suits below Rs. 10, but it is probable that the increase of trade has given more employment to the lower classes, and thus enabled them to pay their debts with greater facility.

8. The increase in point of number is entirely in suits above Rs. 10, while generally speaking the proportionate increase is greater in suits of Rs. 300 and upwards, the number of suits of higher value being much larger than it has been at any time during the last ten years. The greater the amount involved, the greater the likelihood of a contest between the parties, and, as a necessary consequence, the employment of some pleader or legal practitioner. We find that there is a growing tendency on the part of the public to avail themselves of the services of legal practitioners, and such employment entails cross-examination and arguments which do not occur when the parties appear in person. This, no doubt, tends to the more perfect administration of justice; but it also takes time, and the result is that, though the number of cases does not increase to any extent, the amount of work to be got through increases, we may say almost yearly, and if this increase goes on, as we believe it will, we think it may at no distant time necessitate the appointment of a permanent Fifth Judge.

9. As an illustration of the desire of litigants to resort to this Court, we may state that in one case a plaintiff abandoned over Rs. 6,529-3-7 in order to bring his suit within the jurisdiction, the total amount abandoned in all cases over Rs. 1,000 amounting to as much as Rs. 17,844-4-1, exclusive of cases in which the plaintiffs abandoned all excess over Rs. 1,000, the particular amount not being specified. We have also known some instances in which suits, which ought to have been brought in the Mofussil Courts, were instituted in this Court, because the plaintiff preferred adjudication of his case here. Such suits generally abate for want of jurisdiction.

10. From the 1st October 1877 Chapter XXXIX of the new Code of Civil Procedure (Act X of 1877), which deals with summary procedure on bills of exchange and promissory notes, was extended to the Small Cause Courts in the Presidency towns. One plaint only has been filed under that chapter, and the case was compromised. We may venture to state, however, that such extension has been a mistake, so far as the Court is concerned. No procedure can with reason be more rapid or summary than

the ordinary procedure of this Court, and we could, if necessary, explain how the chapter in question, so far from giving us a summary procedure, would, in a large majority of instances, render it less summary and more difficult than it is at present.

11. The new Code of Civil Procedure has further imposed on the Court the work of serving processes sent from the Mofussil Courts, and now that the Code is beginning to be understood, such processes have increased. We had some doubts at first as to whether we could charge fees for serving them, but upon a close examination of section 86 of the Code, we were of opinion that we could deal with them as if they were processes of this Court, and accordingly could refuse to serve them unless the usual fees were paid. These fees have already placed Rs. 912-6 to the credit of the Court.

12. Section 15 of Act XXVI of 1864 empowers the Local Government to declare that the whole, or any part or parts of the Code of Civil Procedure, shall be applicable to Presidency Small Cause Courts, provided that no right of appeal or review shall be given by any declaration made under that section. In pursuance of such enactment, certain sections of Act VIII of 1859 and Act XXIII of 1861 have; by the notifications of the Bengal Government marginally noted, been made applicable to the Calcutta Court of Small Causes.

Section 73, Notification of 21st September 1864.

Section 173, Notification of 30th May 1873.

Section 10 of Act XXIII of 1861, 21st September 1864.

The sections of Act VIII of 1859, which have been thus extended, are—

Section 73 which empowers the Court to add necessary parties;

Section 173 which enables the Court to examine a witness immediately; and

Section 10 of Act XXIII of 1861 which deals with interest.

Act VIII of 1859 and Act XXIII of 1861 have been repealed by the new Code of Civil Procedure, but section 3 of that Code goes on to declare that when in any "Act, Regulation, or Notification passed or issued prior to the day on which this Code comes into force, reference is made to Act VIII of 1859, Act XXIII of 1861, or the Code of Civil Procedure, or to any other Act hereby repealed, such reference shall, so far as may be practicable, be read as applying to this Code or the corresponding part thereof."

At the same time by section 8 of the new Code certain sections of it are extended to Small Cause Courts in the Presidency towns. In following out therefore the provisions of section 3 as connected with those notifications, we have great difficulty in ascertaining accurately what portions of the new Code correspond with those sections of the old Code which have been extended to this Court by such notifications.

In order then that the matter may be made clear, we would suggest that all the notifications now in force be withdrawn or rescinded, and instead thereof that, under section 8 of Act X of 1877 (the new Code of Civil Procedure), a fresh notification be issued specifically extending the following sections of that Act to the procedure of this Court:—

Sections 26, 27, 28, 29, 30, and 32 as to parties to suits;

Section 90 as to service of summons in Native States;

Section 133 as to sending for the records of another court;

Section 192 (with the exception of the last paragraph) as to the examination of a witness immediately;

Section 209 as to interest; and

Sections 383-387 (excluding section 386) which relate to commissions.

13. During the absence of Mr. T. Jones, Officiating Fifth Judge and Clerk of the Court, on privilege leave, his work was equally distributed among the remaining Judges. In consequence, also, of the great increase of suits above the value of Rs. 500, it was found necessary towards the end of the year to relieve the First Judge of many of the suits between Rs. 100 and Rs. 500, usually set down for hearing before him.

14. We regret to state that the conduct of some of the bailiffs of the Court has not been satisfactory, and we have been constrained to dismiss no less than three of the Seal and Body-Warrant Bailiffs.

15. There is some increase in the number of second summonses, there being 2,110 as against 1,649 in previous year. As connected with this, we

may remark that we still have great trouble with Mofussil Courts all over India. In the letter which accompanies such summonses, we draw particular attention to the sections of the Codes of Civil and Criminal Procedure under which the summonses may be served, and also reprint a notification of the High Court, Calcutta, dated 23rd August 1870, which draws particular attention to the matter; and yet we frequently have the affidavits of services filled in so irregularly that it is impossible for us to act upon them, and then another summons has to issue at great inconvenience and expense to the suitors. We append a copy of the usual letter which accompanies a summons sent to a Mofussil Court for service, and we may venture to suggest that great good might be done if Government were to issue a special circular order calling further attention of judicial and magisterial officers to the matter.

Another difficulty also arises from the insufficient staff of bailiffs for service of the processes. There are 41 bailiffs who are daily in attendance before the several Benches from 11 A. M. to 3 P. M. They have generally 3 to 4 hours for the service of the processes, and considering the average number of processes which each bailiff has to serve daily, it is impossible that he can go over to the residence of the defendant more than once to effect service.

16. Eight thousand nine hundred and four contested suits were disposed of after a complete trial as against 8,577 in the previous year, showing an increase of 327 suits so decided; 2,248 were nonsuited, and 3,134 were struck off in default of the appearance. We wish to remark, however, that the cases nonsuited represent a very large amount of the work done. It is rarely that a plaintiff takes a nonsuit before he has gone into his case. It generally happens that he does so on account of some deficiency in the evidence brought forward by him, or because he has not properly prepared himself. It often, too, happens that a plaintiff elects a nonsuit after a case has been completely heard, or the Court nonsuits him, thinking that it is a matter with regard to which he might reasonably come to Court a second time. Cases struck off are generally cases which are compromised out of Court, and occur more frequently in suits of smaller value, where the half costs to be returned are so small that the plaintiff does not think it worth his while to come to Court to obtain a refund.

17. The sum standing to the credit of the Court is Rs. 67,359-3-10, which is higher than it has been at any time during the last seven years, even making allowance for the rent which was formerly paid for the Court premises.

fit, in the same manner as a summons served out of the district of the court.

tion is requested to sections 154 and 155 of the Code of Criminal Procedure, or in case
of summons being taken to any civil court, to that portion of Chapter VI of the Code of
Civil Procedure which deals with the service of summonses.

CIRCULAR ORDERS BY THE HIGH COURT OF JUDICATURE AT FORT WILLIAM IN BENGAL.

From J. S. CARSTAIRS, Esq., *Officiating Registrar of the High Court of Judicature at Fort
William in Bengal, to all Civil and Criminal Authorities in the Regulation and Extra-
Regulation Provinces—No. 24, dated Calcutta, the 23rd August 1870.*

CIVIL AND CRIMINAL SIDES.

THE attention of the Court has been drawn to the fact that, notwithstanding the full and
clear directions which in each case accompany processes forwarded by the Calcutta Court of
Small Causes for service under sections 29 and 30 of Act IX of 1850, it very frequently
happens that the provisions of the law, in respect of such processes, are not carried out by the
courts addressed. The High Court, in now directing that more exact attention be given to
such cases in future, feel obliged to point out to the subordinate civil and criminal courts of
all grades that failure to comply with instructions so explicit is quite inexcusable; it can only
be explained on the supposition that the Judges or Magistrates concerned have bestowed no
personal attention on the matter.

The 27th June 1878.

DOUGLAS WHITE,
Offg. Fifth Judge and Clerk of the Court.

RESOLUTION.

JUDICIAL.

Calcutta, the 27th August 1878.

READ—

Report on the Calcutta Court of Small Causes for 1877-78.

THE report shows that the number of cases instituted during the year was 870 in excess of the number of the previous year, but one thousand less than the average number of the previous five years. The whole number of suits instituted was 33,510, and the amount in litigation was Rs. 17,11,118, a considerably larger sum than in any of the previous ten years.

2. In the past year a marked change appears to have taken place in the value of the cases brought before the Court. The number of cases below Rs. 10 was less than in any of the previous five years 1872-77; the number between Rs. 10 and Rs. 20 was less than in any of the previous five years, except the year 1876-77; the number between Rs. 20 and Rs. 50 was less than in any of the three years 1872-75, while the number of cases between Rs. 50 and Rs. 1,000 was larger than in any previous year. The number of suits between Rs. 50 and Rs. 1,000 in value in each of the past five years is shown in the following table:—

	1873-74.	1874-75.	1875-76.	1876-77.	1877-78.
Cases between Rs. 50 and Rs. 100 . . .	2,703	2,643	2,577	2,401	2,810
" " " 100 and " 500 . . .	2,789	2,718	2,871	2,600	2,913
" " " 500 and " 1,000 . . .	507	509	502	475	627
" " " 50 and " 1,000 . . .	5,999	5,870	5,950	5,476	6,350

3. The increase in the number of suits as compared with those of the previous year is attributed by the Judges entirely to the great impulse given to trade by the Madras famine. This is no doubt also the correct explanation of the number of suits of high value as compared with the number in any year since the establishment of the Court. Although the total number of suits was less than in many previous years, the amount in litigation was higher than in any other year since the famine of 1866. During the latter half of the year 1877 the Court was inundated with suits on rice and wheat contracts, suits in trover in respect of gunny-bags, and suits for the hire and demurrage of cargo-boats. There were also many suits against the East Indian Railway Company for short delivery of goods, and the sudden collapse of trade in October gave rise to numerous suits for damages for failure to ship goods.

4. The decrease in the number of suits below Rs. 10 is explained by the Judges as probably due to the lower classes being able to pay their debts with greater facility in consequence of the additional employment given to them by the increase of trade. This explanation does not, however, appear to the Lieutenant-Governor to be sufficient, for the same decrease was noticed in the year 1876-77 as compared with the previous year. It appears more probable that the decrease in suits of small value is due to permanent causes. The ruling of the High Court that the Court of Small Causes has no power to seize tiled huts in execution of its decrees, necessarily diminishes the amount of credit given to those who have no other property to tender as security, while the effect of the exclusion of touters has probably been to prevent the institution of suits of small value until efforts have been made to settle the claims out of court.

5. Owing to the amounts involved in the suits of the past year being larger than usual, pleaders and other legal practitioners were more often employed. The Judges remark that there is a growing tendency on the part of the public to avail themselves of the services of legal practitioners, and that the administration of justice though improved is delayed by cross-examination and arguments.

6. Under section 538 of the Civil Procedure Code (Act X of 1877) the Small Cause Court has been vested with jurisdiction for the summary disposal of cases dealt with in chapter XXXIX of the Code. The Judges consider the extension of this chapter to their Court to have been a mistake, but as only one case has been filed under the chapter, and that case was compromised, the point does not appear to be of any material importance.

7. The suggestion made in paragraph 12 of the report that the several notifications issued under section 15 of Act XXVI of 1864 should be withdrawn, and a fresh notification issued under section 8 of Act X of 1877, extending to the Court of Small Causes certain sections of the new Code of Civil Procedure, appears to the Lieutenant-Governor to be a good one. Extract paragraph 12 of the report will be forwarded to the High Court with a request that the Hon'ble Judges will favour the Lieutenant-Governor with their opinion on the subject. The attention of the High Court will also be drawn to the irregularity noticed by the Judges in paragraph 15 of their report.

8. The following statement shows the results of the trials of the past three years. The Lieutenant-Governor is glad to find that there are some grounds for thinking that the number of unfounded and harassing claims is decreasing.

Ditto in default of plaintiff	2,975	3,082	3,131
Total	34,682	32,592	33,234

9. The receipts of the year amounted to Rs. 2,21,219, and the expenditure to Rs. 1,53,860. The net sum to be credited to the General Revenues was therefore Rs. 67,359, a larger amount than has been credited during any of the last seven years, even after making allowance for the rent formerly paid for the Court premises.

ORDER.—Ordered that a copy of this Resolution be forwarded to the Judges of the Calcutta Court of Small Causes, and that reference be made to the High Court as indicated in paragraph 7.

6. The total amount of distrainments for rent under Act I of 1875 has been 421, showing an increase of 28 as against the previous year. There are four distrainments exceeding Rs. 1,000 in value, the largest amount distrained for having been Rs. 1,904-4.

7. We think it very probable, though we cannot speak with any great certainty, that the decrease in some classes of suits, as compared with the year 1873-74, may be attributed to the decision of the High Court ordinarily known as "the tiled-hut case," which, having been decided on the 29th April 1873, deprived this Court of the power of seizing tiled huts in execution of its decrees. Up to that time there can be no doubt that credit was freely given to persons who were possessed of tiled huts, because the creditor then knew that, in the event of the failure of the debtor to pay his debt, he had, through the intervention of this Court, a speedy and efficient remedy against the tiled hut in the possession of the debtor. It will be seen, from the accompanying comparative table of the classification of the more important suits during the last three years, that, as compared with the same classes of suits in the year 1873-74, there is in the year 1876-77 a considerable decrease in suits for goods sold and delivered, for bills of exchange and promissory notes, for money paid, for money lent, and for accounts stated. These are classes of suits which would more particularly be affected by the decision referred to. Up to the year under review, suits might still be brought in transactions entered into on the faith of the debtor possessing a tiled hut; but at the commencement of that year limitation on such suits would begin to run, and it is consequently natural that there should be a falling off. The same cause would also affect interpleader suits, for the narrower the field for the execution of decrees, the fewer will be the claims to property seized. It will be seen that there is some increase in the ordinary suits on contract, there being, generally speaking, suits on the more important mercantile contracts; and this, if it points to anything, points to greater activity in the better class of trading transactions. The decrease referred to is steady in suits below Rs. 500, while in suits of Rs. 1,000 and above that amount there is an increase. This shows, at all events, that the Court is still freely resorted to by the better classes of suitors for the adjudication of their claims.

Goods sold and delivered	13,148	14,316	13,918	12,680

We are also told that the decrease is due in some measure to the lower and ignorant classes of suitors having been deprived of the assistance of the law agents or suit-brokers, who, up to the year 1874, had freely practised in this Court. We cannot say how far this is correct, though it is possible that the exclusion of these men might have to a certain extent affected the institutions; at the same time we are not unaware that, while these men have been prohibited from coming in contact with the officers of the Court and from appearing in Court to act for their clients, they have not ceased to hover about the Court, and are said to have employed a sub-agency to conduct their business with the pleaders, at least with most of them; and if that be so, we fail to perceive how the absence of these men from the Court rooms alone can have affected genuine litigation. Nevertheless, we are free to admit, from what we know of the habits, manners, and customs of the people, that an agency subordinate to the advocate is sometimes as useful to a suitor in this Court as it is in the other courts of the country. Speaking generally, a mooktear renders great assistance to a suitor in various ways. But, however useful he might be to a suitor in this Court (and it is not every suitor who would avail himself of his services), we are not disposed to re-admit the men whom we have excluded, as we are quite satisfied that if their exclusion has produced no other result, it has at least, in a great measure, diminished the various kinds of malpractices which were alike detrimental to the interest of justice as they were to those of the ignorant suitors.

8. The business of the Court was distributed daily in the same manner as during last year, with this exception that for six months in the year cases between Rs. 100 and Rs. 500 were distributed as follows:—The First Bench, one-third or two-sixths of such cases; the Second Bench, one-third or two-sixths; and the Third and Fourth Benches, each one-sixth. By this distribution it was found that cases of the value referred to were disposed of more rapidly.

9. Before some of the Judges the file of postponed cases is somewhat larger than it was last year; but, at the same time, the number of cases postponed by the Court itself has considerably diminished. It is impossible for us to regulate postponements. On some days it happens that a large number of cases are *ex parte* or compromised, while those that are defended are few; on other days it happens that a large number of cases are defended, or perhaps one intricate and hotly-contested case occupies the Court for a whole day or more, and under such circumstances postponements must be made by the Court of its own motion.

10. The number of bench warrants has again decreased, being 42 as against 62 in the previous year.

11. The number of commissions sent to this Court for execution (*vide* table 15) have largely increased. These commissions are usually heard by the Fifth Judge, and the time occupied in taking the evidence of witnesses under the increased number of commissions would be about equivalent to the time which would have been occupied by the Fifth Judge had there been the same number of suits on his file as there were last year. These commissions, it may be remarked, bring no revenue to the Court.

We recommend, with reference to the proviso contained in section 383 of the new Code of Civil Procedure, that the Judges of the Courts issuing commissions to this Court be requested through the High Court, in all special cases, to direct the commission to some pleaders of the Court, as is now done in all the mofussil Courts under a general order of the High Court.

We have the honor to be,

JUDICIAL.

CALCUTTA, THE 30TH JULY 1877.

RESOLUTION.

READ—

Report on the Calcutta Court of Small Causes for 1876-77.

THE report now submitted shows a great falling off in the number of cases instituted. Altogether 32,640 suits were brought, as against 34,502 in 1875-76 and 34,843 in 1872-73. The amount in litigation was Rs. 14,42,611, against Rs. 15,82,873 and Rs. 16,23,110. The diminution in the number of suits is chiefly observable under the heads of goods sold and delivered, bills of exchange and promissory notes, money paid, money lent, money had and received, and account stated.

2. The Judges have offered what appears to the Lieutenant-Governor to be probably a correct explanation of the marked decrease in the number of suits of the smaller values. It was decided by the High Court in April 1873 that the Court of Small Causes has no power to seize tiled huts in execution of its decrees. This ruling removed from the operation of the law an important item of security theretofore tendered by debtors, and the result was a falling off in the extent of the credit allowed them. The full effect of the decision in question was not observed until the beginning of the past year, when limitation began to bar the institution of suits brought on transactions which had been entered into on the faith of the debtor possessing a tiled hut. The influence of this ruling may also be traced in the diminished number of interpleader suits, which naturally decrease as restrictions are imposed on the execution of decrees. The Judges think it possible that institutions may have been to some extent affected by the exclusion of touters or suit-brokers. Mr. Eden is disposed to consider the removal of these persons an unmixed good. It is not clear that their absence can have had any tangible effect on the number of claims advanced. Their attentions must necessarily have been confined to persons actually visiting the Small Cause Courts, and such persons would require no special encouragement to induce them to institute their cases. Mr. Eden quite agrees with the Judges in thinking that the gain to the interests of justice and fair dealing much exceeds any theoretical disadvantages attending on the suppression of this class of practitioners.

3. But the causes to which the falling off in the number of suits of the lower values is attributed will not account for the decrease in the higher class of suits. A comparison of the institutions in this class of cases during the past four years stands thus:—

		1873-74.	1874-75.	1875-76.	1876-77.
Rs. 500 to Rs. 1,000	...	480	473	502	485
Above Rs. 1,000	...	27	36	41	44
		—	—	—	—
Total	...	507	509	543	529
		—	—	—	—

The Lieutenant-Governor would have expected a large increase in litigation of this class owing to the great impetus which the export trade has received during the past year.

4. The results of the trials seem to show that unfounded and harassing claims are still advanced, most of them, of course, for small amounts. During the past two years cases have been disposed of with the following results :—

	1875-76.	1876-77.	
For plaintiff after trial ...	7,789	7,073	
„ „ <i>ex parte</i> ...	7,325	6,917	
Compromised ...	12,197	11,501	
Non-suited ...	3,015	2,515	} Against plain- tiff, 7,351. { Against plaintiff, 7,101.
Dismissed after trial ...	1,361	1,504	
„ in default of plaintiff	2,975	3,082	
Total ...	34,662	32,592	

5. The number of commissions received by the court has increased from 226 in the previous year to 266 in 1876-77. The Judges draw attention to the discretion allowed to the issuing court by section 385 of the new Civil Procedure Code to select any person whom it thinks fit, and they asked that the High Court may be moved to direct the Judges of the different courts to issue the commissions, when practicable, to some pleaders of the court. The Hon'ble Judges of the High Court will be consulted on this point.

ORDER.—Ordered that a copy of this Resolution be forwarded to the Judges of the Calcutta Court of Small Causes, and that a reference be made to the High Court as indicated in paragraph 5.

REPORT

CALCUTTA COURT OF SMALL CAUSES,

FOR THE YEAR

1875-76.

No. 6.

FROM

THE JUDGES, CALCUTTA COURT OF SMALL CAUSES,

To

THE SECRETARY TO THE GOVERNMENT OF BENGAL,

JUDICIAL DEPARTMENT.

Fort William, the 9th June 1876.

SIR,

WE have the honor to forward, for the information of His Honor the Lieutenant-Governor of Bengal, the annual report of the business of the Court for the year 1875-76 ending 31st March last.

The number of cases instituted in the Court during the year was 34,502, being a decrease of 481 cases as compared with the number instituted during the year ending 31st March 1875. The average number of cases for each day was 129·7.

It will be seen from the comparative table in the following paragraph that the decrease has been chiefly in suits below Rs. 500, while those above that sum have increased; so that while the actual institution of suits has decreased, the value of the property in litigation has increased.

The following comparative table shows the increase and decrease of institutions during the year:—

VALUE OF SUITS.								In 1874-75.	In 1875-76.	Increase.	Decrease.
Under Rs.	5	8,287	8,093	...	194

In the statement of the classification of suits we find there is a falling off of about 500 in suits for goods sold and delivered, while suits in respect of other matters remain, with slight variations, much the same as they were during last year. We cannot say that we are able to account for such falling off.

The amount in litigation was Rs. 15,82,873-2-10. Rs. 3,06,934-3-4 were paid into Court and Rs. 3,08,801-2-3 were paid out of Court.

All amendments and suggestions with respect to any proposed legislation in respect of Small Cause Courts in the presidency towns have already been fully dealt with in our letter No. 39, dated the 25th January 1876.

The total amount of distrainments for rent under Act I of 1875 has been 393, showing an increase of 58 as against the previous year, and it is thought necessary to refer to this because the year under review has been the first complete year in which the Act in question has been in force. There has been only one distrainment for rent above Rs. 1,000.

The business of the Court has been distributed daily in the following manner :—

The First Bench—*i.e.*, the First Judge—all cases above Rs. 500 and three-sixths, or one-half, of all cases between Rs. 500 and Rs. 100.

The Second, Third, and Fourth Benches, one-sixth each of all cases between Rs. 500 and Rs. 100; one-third each of all cases from Rs. 100 to Rs. 10; and one-sixth each of all cases from Rs. 10 to Rs. 5.

The Fifth Bench—*i.e.*, the Fifth Judge—three-sixths of all cases from Rs. 10 to Rs. 5, and all cases not exceeding Rs. 5.

Statement No. 18 will show the number of cases instituted before each Judge last year in conformity with the mode of distribution referred to above.

The above distribution has been adhered to during the year under review, but it must necessarily be subject from time to time to alteration in accordance with the state of the files of the various Benches, in order to expedite the business of the Court and save suitors from the inconvenience of lengthy postponements.

The number of bench warrants has somewhat decreased, being 62 as against 109 of the previous year. Considerable caution is now exercised as regards these warrants, and, looking at the large number of suits instituted, we do not think the number issued is out of place.

With a view to meet the wishes of Government, we have endeavoured to select some persons to act as mooktears or agents recognized by the Court. As yet we have only been able to fix upon two such men as to whose capabilities and character the Judges, from information they received, were able to place some reliance. We further asked the assistance of eight of the leading Pleaders of the Court, whose business brought them most frequently and prominently

before the Courts, to assist us in selecting such men out of those who, without being recognized by the Court, or having the status of mooktears, had frequented the Court and been employed as such. After much consideration these gentlemen suggested that several of the persons who had walked the Court as suit-brokers or touters might be admitted as suit-brokers, believing that they had acted hitherto with average fairness as such; but they could not recommend that they should receive the recognized status and position which admitting them as mooktears would give them. Under these circumstances we have deemed it advisable to adhere to the rule which we have before proposed, viz. to admit no one to practise as a mooktear or agent recognized by the Court who does not produce a certificate that he is permitted to practise as such in the High Court and in Courts subordinate to the High Court. Already two persons have taken advantage of this rule, and we can only hope that in due course of time more may eventually do so, and that such authorized persons may altogether supplant those unauthorized persons whom it is almost impossible effectually to exclude from the precincts of courts of justice.

We have added a table showing the number of cases referred to the High Court during the year, and how they were disposed of.

We, the surviving colleagues of Mr. G. S. Fagan, late First Judge of this Court, cannot conclude this report without placing on record our extreme regret and deep sense of the loss which we have sustained by his death. His genial and kindly nature had greatly endeared him to us and to others with whom he came in official contact. His eminent public services were too well known to the Government and to the public to require special comment at our hands.

We have the honor to be,

Sir,

Your most obedient servants,

H. MILLETT, KOONJO LALL BANERJEA, GIDEON C. SCONCE, T. DURANT BEIGHTON,	}	<i>Judges.</i>

Report of the Calcutta Court of Small Causes for 1874-75, and the Government Resolution thereon.

WITH regard to the remarks recorded in the Resolution of last year, in reference to the brevity of the report submitted by the Judges of the Calcutta Court of Small Causes, the Lieutenant-Governor is disappointed in having again to notice that the Judges have offered but few observations on the results shown in the figured statements which exhibit the work performed by the Court during the past year. These statements present some points of general and public importance which the Judges alone can properly elucidate; yet no critical examination of the figures has been attempted. The Lieutenant-Governor trusts that in their next report the Judges will review and explain such fluctuations in the various details as the litigation of the current year may exhibit. Meanwhile, he requests that a special report may be made on the several points which have been noted below.

2. The Judges have again, during the past year, submitted their views on the subject of the amendment and revision of the Act which at present governs the operations of the Court. That Act, which was subsequently enlarged by Act XXVI of 1864, has now been in force for 26 years, and the Government has from time to time had the advantage of receiving various suggestions for its improvement from those who have been especially interested in watching its operation. The Lieutenant-Governor will not now enter upon a discussion of the various proposals which have been made. The question of codifying and amending the existing law has been again referred to the Government of India, and will shortly engage the attention of the Imperial Legislature.

3. It was observed in the Resolution on the results shown in the report for 1874-75 that the number of cases instituted in that year had exceeded those of the previous year, while the amount in litigation had decreased. The reverse of this has happened in 1875-76, the number of cases having fallen off, concurrently with an increase in the amount at issue. The following statement shows the number of cases instituted, together with the value of the property in litigation, during each of the last five years:—

				Cases instituted.	Amount in dispute.
					Rs.
1871-72	31,536	15,28,938
1872-73	34,843	16,23,110
1873-74	34,583	16,11,535
1874-75	34,983	15,70,142
1875-76	34,502	15,82,873

No explanation has been offered by the Judges of the decrease in litigation, the number of suits instituted being less than during any of the three previous years. Although the Court was open for 266 days during the year, as against 260 days in the previous year, it may be presumed that the falling off is attributable in some measure to the interruption of business which was caused by the closing of the courts during the last days of the year in honor of the visit of His Royal Highness the Prince of Wales. The number of cases instituted by Europeans exhibits a falling off of nine only. The decrease in

those brought by natives, viz. 472, is, however, very marked, as being out of all proportion to the above, and is a point on which the Lieutenant-Governor would have wished for some explanation.

4. The following table exhibits the number of suits instituted in each of the last three years, classed according to the value of the claims made:—

VALUE OF SUITS.				1873-74.	1874-75.	1875-76.
				Rs.	Rs.	Rs.
Under Rs. 50	28,584	29,063	28,711
Ditto „ 100	2,703	2,693	2,577
Ditto „ 500	2,789	2,718	2,671
Ditto „ 1,000	480	473	502
Above „ 1,000	27	36	41

The increase in the number of suits instituted for sums above Rs. 500, which has resulted in shewing an increase of Rs. 12,731 in the total value of suits, notwithstanding the falling off in the total institutions, is satisfactory as indicating greater confidence on the part of the public in the judgments of the Court. Four cases were referred by Mr. Sconce, as Officiating First Judge, for the opinion of the High Court under section 7 of Act XXVI of 1864. In all the decision of the Court was upheld.

5. Of the 1,326 cases pending from the previous year, and of those instituted during the year, 34,662 were disposed of as against 35,117 in 1874-75. In 15,114 of these, judgment was given for the plaintiffs, and in 1,361 for the defendants; 5,990 were non-suited or struck off, and 12,197 were compromised. Notwithstanding the decrease in the total number of cases disposed of, the number in which judgment was given for the defendants shows a small increase. These figures vary but little from those of the preceding year; but the large increase of 245 cases which were referred to arbitration is very noticeable and should have been explained. The number of cases pending at the close of the year (1,166) was below the average. Of these cases, 742 had been instituted towards the close of the year, but were not returnable within that period, and 424 had been postponed after hearing in part. The files of the First, Third, and Fourth Judges show an undue proportion of these last-mentioned cases. The following table exhibits the number of cases instituted before each Judge, with the number of cases standing adjourned at the close of the year:—

				Number of cases instituted.	Number of cases stand- ing adjourned.
First Judge	1,975	71
Second „	7,563	2
Third „	7,457	129
Fourth „	7,544	182
Fifth „	9,963	31

6. The total number of after-judgment processes applied for was 9,503. Of these, 6,169 were warrants against the person. Only 2,834 of these warrants were executed. Three thousand three hundred and thirty-four processes for execution against the property of debtors were applied for, and of these 2,641 were executed. The executions under the latter head show an increase, and those under the former head a decrease, as compared with the figures for 1874-75. The number of bench warrants issued for the arrest of defendants before judgment has fallen from 109 to 62. With regard to the remarks recorded on this subject last year, the Lieutenant-Governor is glad to learn that great caution is now exercised by the Judges in the issue of such processes.

7. The Judges notice the falling off of 498 cases in the number of suits for goods sold and delivered, but declare that they are unable to account for it. The Lieutenant-Governor would have been glad, however, had enquiries been made by the Judges as regards this and other fluctuations which are observable, with a view to some explanations being afforded on the subject. It is further

shown by the comparative statement that there has been a considerable increase in suits for money lent and for use and occupation, and a falling off in suits for trespass, for ejectment, and for money had and received. Suits also for the recovery of small tenements have fallen from 86 to 4. It is not stated, however, if this marked decrease is in any way owing to a doubt on the part of the Judges as to their jurisdiction to try cases of this nature, or to what cause it is attributable.

8. The Distress Act of 1875 has been in operation throughout the year, and the increased number of processes of distraint which have been issued under it shows that it has fairly met the requirements of suitors. The total amount of rent involved exhibits an increase from Rs. 22,266 to Rs. 27,417.

9. The Judges have experienced some difficulty in selecting persons qualified by character and attainments to act as law agents under the recognition of the Court. The Lieutenant-Governor entirely concurs with the Judges in thinking that it would be unadvisable to relax the rule recently adopted in favor of persons who have hitherto acted as suit brokers about the precincts of the Court. It is of the highest importance that the practice of touting should be discouraged as far as possible; and His Honor believes that much benefit to the public will ultimately result from a rigid adherence to the rule that has been laid down, that no law agent should be recognized by the Court who is not authorized to act in the High Court and in the courts subordinate to it.

10. The receipts of the year from different sources amounted to Rs. 1,99,256 as against Rs. 2,04,575. On the other hand, the item of house rent has entirely disappeared from the list of disbursements, and this circumstance, in conjunction with a large saving in the salaries of the Judges and in the contingent charges, has resulted in a decrease of nearly Rs. 20,000 in the expenditure. The net sum to be credited to the General Revenues amounted to Rs. 47,291 as against Rs. 33,321 in the previous year.

11. The Lieutenant-Governor fully concurs with the remarks recorded by the Judges as regards the lamented death of the late First Judge, Mr. G. S. Fagan. The Court has lost in Mr. Fagan the services of an eminent and careful Judge, who presided over it with great ability for many years.

CALCUTTA COURT OF SMALL CAUSES,

FOR THE YEAR 1870-71.

FROM

THE JUDGES, CALCUTTA COURT OF SMALL CAUSES,

TO

THE OFFG. SECRETARY TO THE GOVERNMENT OF BENGAL,
JUDICIAL DEPARTMENT.

Fort William, the 29th June, 1871.

SIR,

WE have the honor to forward, for the information of His Honor the Lieutenant-Governor of Bengal, the 21st annual report of the business of this court for the year 1870-71, ending 31st March last.

2. The number of cases instituted in the court during the year was 32,339, being a decrease of 2,001* cases as compared with the number instituted during the year ending 31st March, 1870. The average number of cases for each day was 130.3.†

3. The following comparative table shows the increase and decrease of institutions during the year:—

Class of cases.		In 1869-70.	In 1870-71.	Increase.	Decrease.
Under Rs.	10	14,436	13,286	1,150

4. It will be seen from this table that the chief decrease in institutions has been in respect of suits of the lowest amount. In respect of suits over Rs. 800 there has been a

slight increase. We are unable to say to what causes the decrease in the institution of cases is to be attributed. We are informed that there has been a similar falling off in the business of the High Court. The decrease in the institution of cases has been steady throughout the entire year, the only months which show an increase being May and November. The greatest decline was in the month of September, in which 1,534* fewer cases were instituted than in the corresponding month of the previous year.

5. The amount in litigation was Rs. 16,07,311-8-7.† Rs. 3,66,869-11-9 were paid into, and Rs. 3,68,956-1-6 paid out of court, in satisfaction of judgments and orders.

7. With respect to the apparent decrease of Rs. 18,719-4-3 in the receipts of the court for the year 1870-71, as compared with the receipts for the year 1869-70 as shown in tabular statement No. 5, it will be observed that the decrease for the month of April alone amounts to Rs. 11,330-6-9. With reference to this remarkable decrease in the receipts for a single month, it is to be explained that before the introduction of the system of payment by stamps on the 1st April, 1869, all commission and fees received on account of suits, &c., were kept in deposit during the pendency of such suits, and were not transferred to the credit of Government until their termination. In this way the sum of Rs. 7,533-0-9, received on account of commission and fees in suits commenced prior to but determined in April 1869, were transferred to the credit of Government in that month, making the total apparent receipts for that month Rs. 27,460-7-0, instead of Rs. 19,927-6-3, the sum actually received in respect of the sale of stamps. The real decrease therefore in the receipts of the court in April 1870, as compared with the corresponding month of the previous year, is only Rs. 3,797-6-0, and not Rs. 11,330-6-9.

A letter, No. 7, dated the 29th June, from the Judges of the Calcutta Court of Small Causes, submitting the annual report of the business of the Court for the year 1870-71.

1. The result of the operations, as compared with those of the previous year, is shown in the following analysis :—

2. There is a decrease of 2,000 in the number of cases and Rs. 42,214 in the amount in litigation, and the receipts have diminished by Rs. 18,720 below the results of the preceding year. It is explained that a great part of this comparatively large decrease in the fees is due to the sum of Rs. 7,533, received under the former system of cash payments and retained in deposit during 1868-69, being transferred to credit in April 1869, leaving a deficiency of Rs. 11,187 only in the actual receipts of the year.

3. The Judges are unable to explain the cause of the decrease in suits of lower amount, but as these appear to have gone back very nearly to the level of the year 1868-69, the falling off may probably be attributed to a cessation of the causes which operated to produce an increase in 1869-70; and if this result be in any way connected with a diminished disposition to litigiousness, it cannot be a matter of regret, but it may be feared that it is due rather to the general stagnation of trade and business during the year under review.

4. The aggregate expenditure during the year was Rs. 1,75,960-3-2, leaving a saving of Rs. 37,341, which is considerably below the surplus shown in either of the two preceding years. It is observed that the Court was open on 248 days. The Lieutenant-Governor would wish to have a statement showing the holidays and days on which the Court was not open.

5. The Lieutenant-Governor begs to thank the Judges for their exertions in disposing of the mass of business before them, and notwithstanding that there seems to have been some difficulty in one or two of the Courts in the present year, he hopes that at the end of the year an equally clear file will be shown.

By order of the Lieutenant-Governor of Bengal.
